## ASSIGNMENT

Whereas, we, Robin Chase, Antje Danielson, and Paul Covell, all of Cambridge, Massachusetts, U.S.A. (hereinafter referred to as the "Applicants") have invented certain new and useful improvements in Systems and Methods for Controlling Vehicle Access (hereinafter collectively the "Invention") for which the following applications for patent have been filed:

U.S. Patent Application Serial No. 60/182,766 filed February 16, 2000,  
U.S. Patent Application Serial No. 60/243,385 filed October 26, 2000;  
U.S. Patent Application Serial No. 09/785,408 filed February 16, 2001;  
International Patent Application No. PCT/US01/05026 filed February 16, 2001;

WHEREAS, ZipCar, Inc., whose postal address is 675 Massachusetts Avenue, Cambridge, MA 02139 (hereinafter referred to as the "Assignee"), wishes to acquire the entire right, title and interest in the Invention;

NOW, therefore, in consideration of the sum of one United States dollar, the receipt of which is acknowledged, and other good and valuable consideration,

We, the Applicants, do hereby sell, assign and transfer unto the Assignee the full and exclusive right in and to the Invention in the United States and any and all foreign countries, and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States and any and all foreign countries, and in and to any and all divisionals, reissues, continuations and extensions thereof; and

We hereby authorize and request the United States Commissioner of Patents and Trademarks and all foreign Patent Offices to issue said Letters Patent to the Assignee, for the Assignee's sole use and benefit, and for the use and benefit of the Assignee's legal representatives, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by us had this assignment and sale not been made.

We agree to execute and deliver to the Assignee any and all other documents and instruments that, in the opinion of the Assignee and its counsel, are appropriate in order to obtain patents and other means of protecting the Invention; execute and deliver all such other instruments and take all other actions that in the opinion of the Assignee and its counsel shall be appropriate to vest in the Assignee (or in such person as the Assignee may specify) all right, title and interest in said patents and other means of protecting the Invention; and cooperate and assist in any litigation commenced by the Assignee against third parties with respect to the same.
